Free87.03 MB Continue to app - #1 OBD2 Scanner & Car Code Reader - Read & Clear Check Engine Light to save \$150+ - Error Code Diagnosis & Self-Repair Guide to save save - Free Mileage Log Feature to save up to \$5,000 SMART Driving Assistant app is designed to work with ZUS Smart Car Charger, nonda Smart Car Charger, ZUS Smart Tire Safety Monitor, ZUS Vehicle Health Monitor & ZUS Wireless Backup Camera. -Smart car charger helps you locate your car with the ZUS app and automatically tracks your mileage. -Smart Tire Safety Monitor features a USB-powered receiver with 4 sensors that transmit data directly to the ZUS app via Bluetooth. With the tyre pressure of all 4 tyres in real time, the monitor can quickly detect punctures and/or excessive temperature, providing both a visual and audible warning to alert the driver to a possible tyre failure. -Smart Vehicle Health Monitor monitors your engine status with real-time alerts. Decrypt engine error codes, which normally cost a \$100 trip to the mechanic. -Wireless Backup Camera is easy to install and built to fit your license plate. Install in just 10 minutes and get a 170-degree field of view directly on your smartphone ZUS APP is now compatible with certain third-party obd2 devices that can be used to scan your vehicle, such as the Torque or OBD2 Scanner APP. Compatible devices are listed as follows: OBD2 / ELM327 / Carista / Veepeak / OBD LINK LX and Vgate iCar pro. Others are coming. Add this type of device by clicking the settings icon, and then select the Smart Vehicle Health Monitor, and then click the compatible ELM 327 devices to continue. Feel free to email zus-dev@nonda.us if you have any more problems or suggestions. Visit us at f.nonda.co, where you can quickly find solutions to your questions about ZUS, iHere and other nonda products. . Visit us @ www.nonda.co . Like us @ facebook.com/nondainc . Instagram us @instagram.com/nondainc . Follow us @twitter.com/nondainc . Subscribe to us @ youtube.com/nondainc How ZUS works: . When you park your car, ZUS automatically stores the location of your car. . When you need to find your car, open the ZUS app and follow the arrow. Changing green radian shows the direction of your car. . Choose between compass and map view to determine where you parked your car. . The app indicates Your car is nearby if you're just around your car. Notes: . ZUS is not allowed to enter a location and get underground parking spaces. Because of ZUS do not get your location without a GPS signal. . Continued use of GPS in the background can dramatically shorten battery life. . ZUS relies on the GPS signal to locate the cell phone. Premium Service Subscriptions: 60 free drives per month ZUS Mileage Log is free for your first 60 drives per month, forever. Upgrade to unlimited discs for recurring \$2.99/month or \$29.99/year recurring. Subscription Information – Payment is charged iTunes account on purchase confirmation – Subscription is automatically renewed unless auto-renew is disabled at least 24 hours before the end of the current period - The account will be charged for renewal renewal within 24 hours end of the current period and identify the cost of renewal - Subscriptions can be managed by the user and automatic renewal can be disabled by going to the user's account settings after purchase The app connects to the ZUS device via Bluetooth 4.0. Therefore, a device running Android Phone 4.3 or newer is needed to use the app. Privacy policy and terms of use: Here you can find zus's changelog - #1 OBD2 Scanner & Car Code Reader since it was posted on our website on 2016-12-29.
